Examiners Amendment

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.
2. Authorization for this examiner's amendment was given in a telephone interview with Mr. Randol W. Read (Reg. No.: 43,876) on May 10, 2006.
3. The application has been amended as follows:
4. Claim 1 should now read:

An apparatus for passing interrupts from one or more devices configured for a specific interrupt architecture to one or more processors not designed for the specific interrupt architecture, comprising:

an abstraction layer comprising a first plurality of registers conforming to the specific interrupt architecture; and

an implementation dependent hardware layer, disposed in communication between the abstraction layer and the one or more processors, comprising a second plurality of registers which correspond to the first plurality of registers, wherein the implementation dependent layer is configured to receive interrupts and forward received interrupts to the one or more processors which are not designed for the specific interrupt architecture and to read and write data to the second plurality of registers in response to interrupts processed through the one or more processors.

5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
